MUSTAFA AHMAD HASAN

Software & Front-End Engineer

mustafahasn002@gmail.com | +963 981 554 251 | Homs - Syria (Open to Relocation)

DOB : 18.06.2002 | LinkedIn.com/in/Mustafa | Github/Mustafa | MustafaHasan.site

PROFESSIONAL SUMMARY

Software & Frontend Engineer specializing in React.js and Next.js, focused on building scalable, high-performance web applications and PWAs. Experienced in developing nationwide healthcare platforms, AI-assisted systems, and modern SaaS solutions within Agile/Scrum environments. Certified in German (B1 ÖSD) with upper-intermediate English proficiency (B2).

WORK EXPERIENCE

Apex Solutions **Oct 2025 – Present**

Independent Software Engineer

- Founded and developed Apex Solutions, a software engineering platform focused on building modern web applications and SaaS products.
- Built the platform using React.js, TypeScript, and integrated backend services with Node.js MongoDB Atlas and Express.
- Optimized frontend performance using lazy loading and code-splitting, achieving 85%+ performance and 100% best practices on Lighthouse.

Darrebni Company | Homs, Syria **Apr 2024 – Oct 2024**

Top-Performing Front-End Trainee

- Completed 250 hours of training in front-end development, specializing in JavaScript (ES6+), CSS, Bootstrap, TypeScript, GitHub and React.
- Developed “Bug Bounty Syria” as a final graduation project : a responsive React.js (Mantine UI) - based platform designed to simplify vulnerability reporting and communication between companies and security researchers.
- Received a recommendation letter for outstanding and distinction in the training program.

SKILLS

Web / Frontend:

React.js, Next.js, SaaS Architecture, PWA, JavaScript, TypeScript, Redux, Shadcn-UI, Mantine-UI, Bootstrap, Tailwind, CSS.

AI & Data Technologies:

AI-Driven Development, AI Service Integration, Code Optimization & Debugging via LLMs,
Git / GitHub (CI/CD), MySql, MongoDB, Figma, Odoo.

Management & Methodologies:

Stakeholder Communication, Agile Software Development (Scrum), Jira, Project Management.

Soft Skills:

Quick Learner, Adaptability, Team Collaboration ,Problem solving.

PROJECTS

GitMeet — Jun 2026 - present

[Next.js ,TypeScript , OAuth ,Stream , Motion ,TailwindCSS]

Software Engineer

- Developing GitMeet , a developer-focused platform where software engineers can showcase their skills, prepare for interviews, collaborate on projects, and grow through an active engineering community.
- Building the platform using Next.js App Router and TypeScript with a scalable, feature-based architecture.
- Implemented secure authentication with OAuth and protected application routes.
- Developed backend features with Next.js Route Handlers for authentication and application logic.
- Designed a scalable feature-based architecture to support future real-time collaboration and repository management.

National Diabetes Program (National Scale Project) — Feb 2025 - Oct 2025

[React.js , Go Lang , PWA , SSE]

Software & Front-End Engineer

- Developed scalable React.js & PWA interfaces for patients, healthcare centers, and administration teams.
- Digitized healthcare workflows, reducing paper-based processes by 90%+ through electronic records and appointment management.
- Improved operational efficiency by up to 75% using automated scheduling, medication tracking, and real-time SSE notifications.
- Built healthcare dashboards for medication inventory management, patient analytics, and centralized medical data access across centers.
- Integrated AI-assisted patient support and collaborated with Go backend services for large-scale, real-time healthcare data processing.

EDUCATION

Bachelor of Science in Software Engineering | Homs University — **Sep 2020 - Oct 2025**
Cumulative GPA : 76,98% | Top 10%

High School Diploma | Muhsen Abbas Secondary School — **Sep 2019 - Aug 2020**
Grade: 93,17% | 2702/2900

LANGUAGES

Deutsch (Intermediate, B1 ÖSD) | **English** (Upper-Intermediate, B2 Level) | **Arabic** (Native)**.**

ADDITIONAL INFORAMTION

- Hands-on experience in computer hardware and software repair acquired over several years.
- Passionate about programming and continuous learning.
- Actively developing skills in front-end technologies and exploring new tools.
- My interests include chess, football, and tennis. I am also passionate about research, content creation, fast typing, and networking.
